RE: REQUIREMENTS FOR SITTING EXAMINATIONS

Students are advised that only those who have cleared fees and have registered in the ERP for all courses offered in the January – April 2018 semester will be allowed to sit for examinations.

It has been noted that majority of students who have cleared fees have not registered for the courses as such their names are missing from the examination attendance lists.

All students are therefore asked to register for the courses in the ERP by 6.00pm today. From tomorrow 17th April 2018 only those students who shall have complied with the above requirements will be allowed to sit for the examinations.

Note that course registration is a requirement before teaching begins in every semester.
