SUBJECT: REGISTRATION FOR COURSES

The University regulations stipulate that students must register for courses within the first three weeks of the semester. A student who fails to register for the courses within the period shall be allowed to do so upon payment of Kshs. 1,000 for late registration. Registration of courses is pegged on payment of at least 60% of the semester's fee.

The deadline for course registration for the current semester ended on 21st September 2018. However, we have noted that about a quarter of the student population has not registered for courses making it difficult for the ICT department to manage the late registration case by case. As a result, it has been decided that the student portal be opened for a period of two weeks i.e from **Monday, 1st October to Friday, 12th October 2018** for late registration.

Students who will not have registered for courses by **Friday, 12th October 2018** will be required to defer studies.
